

Mirrored Refrain

Candles

Candles lighten the dark
during a festive celebration.
Candles held in protest–
Candles in commemoration.

Candle sentinels at shrines
at Newtown where a gun caused unrest.
Candles in commemoration.
Candles held in protest.

Candles take back the night
for violence victims of the nation.
Candles held in protest.
Candles in commemoration.

Joyous light or beacon for grief,
candles signify what we request.
Candles in commemoration.
Candles held in protest.
