

Scramble Poem

Innuendo

Do in nun
don nude
din done
doe due
end none
dine inn

(only using smaller words)

Innuendo

Don cover-up like nun or on nude.
Reveal innocent doe-eyes
believed by none
Dive in to deliver what's due
to end mis-perception.
Speak loudly over din.
Unveil what's been done.
No savior when you dine at an inn.

Scramble Poem:

1. Find a poly-syllabic word as a title or perhaps leading to a theme.
2. Create smaller words from the letters in the larger word.
3. For this exercise I chose Innuendo. I used 14 words in both of the poem approaches: In don inn done nun none doe due do din end dine nude on
4. You can use some or all the words in your poem. You can add words, rhyme or not. Play with the words to form the poem you want to create.
