The First Time I Saw Robert Frost

Frost was old. It was cold.  
Reading went frostily.  
Kindly, grand gentleman—  
so it was said.

I read that latterly  
Frost acted naughtily  
I saw him faultily  
tipsy instead.

**McWhirtle:** Light verse similar to Double Dactyl. Not as strict structure making them easier to write. Rhyme the last lines of the 4<sup>th</sup> lines in the two quatrains.
