

## Couplet with Refrain

Am I a Gardener or a Poet?

Verse turns the soil of words  
I guess.

The gardener metaphor is so overused  
I guess

The poet tries to explain the craft  
I guess

But am I a gardener or a poet?  
I guess.

I need to find my own nom de plume  
I guess

Both gardener and poet are not all of me  
I guess

I will say I am a lightener  
I guess
