

## Five Triplets and a Quatrain Refrains

### Full Moon of February

Storm moon, moon of snow  
pale white moon of ice  
like a beacon you glow.

Budding moon from waxing slice  
pocked and bony moon  
pale white moon of ice.

Little famine moon seeks a spoon.  
Hungry moon like a plate  
pocked and bony moon.

Moon when wolves congregate  
Moon of raccoons and baby bears are born  
hungry moon like a plate

Moon of chilling lovelorn  
you're too distant to eavesdrop.  
Moon of raccoons and baby bears are born.

Moon when the trees pop  
you're too distant to eavesdrop  
storm moon, moon of snow  
like a beacon you glow.
