

Lanturne

On a Gray Day

Through
windshield
sunflower
plant peers to seek
sun.

Double Rainbow

Clone
of first
is a pale
replica soon
gone.

Shine
rainbows,
sprinkle light
on dimmed. darkened
earth.

Omen

Faint
rainbow
fades into
stormy, gray-smudged
sky.

Moon

Moon
marble
scatters clouds.
Clouds obscure; stars
shoot.

Moon
harvests,
reaps in tides,
prepares winter's
cold.

Moon
flashlight
in the dark
guide to cosmic
plan.

Moon
evokes
fantasy,
science into
myth.

Adelaide Crapsey

Gray
garbed, wrote
lead cinquains.
Did not live 'til
gray.
