

## Leona Rima

Who Are We?

Are we stardust children of stars,  
cosmic beings, descendants-- Mars?  
What multiversal mini-quark  
set all in motion, lit the spark?  
Particle zoo selects cages  
brings life in several stages,  
has gone on for endless ages.  
How do we keep light in the dark?  
Just holograms or avatars?

### **Leona Rima**

Invented by Dorothy Dubler

1. Nine-line nonet of 8 syllable lines.
2. Rhyme Scheme: a-a-b-b-c-c-c-b-a
