### Easter Dinner

Now what meat shall we eat  
or fish for main meal treat  
**Vegetarians don't care**

Will we need a buffet  
with a array  
**if veggie folks get their share**

But snackers want candy  
ice cream and cake handy  
**when Easter eggs are dyed**

Salads, chicken abound  
some french fries I've found  
**at least I know I tried.**
