

Mini-monoverse

Evolving Hominids to Homo Sapiens

Brain's "big bang"
symbols clang.
knowledge rang.
Modern gang
E.T. sprang?

DNA
sparks the way
to our day.
Changes stay?
New ones stray?

Across void
asteroid
with life buoyed.
Cant' avoid
sequence toyed?

Early man
and woman
also-ran
find they can
get human.
