This sticky Higgs Boson
This sticky Higgs Boson
They found Higgs Boson
This sticky God Particle.

Subatomic science
Subatomic science
creates mass and matter
creates mass and matter
Subatomic matter
creates mass science.

Glimpse footprint and shadow
Glimpse footprint and shadow
Most universe hidden
Most universe hidden
Hidden and glimpse footprint
Most universe-- shadow.

Sticky subatomic
God particle glimpse mass
Higgs boson science how
creates footprint, shadow.
this universe-- most hidden
and they show matter found.

Paradelle:

1. Complicated French form.
2. Four stanzas. 6-lines or sixains.
3. The first three stanzas follow the format: Lines 1 and 2 are identical. Lines 3 and 4 are identical. The last two lines use all the words from the first three lines and no other words.
4. The fourth and final stanza only requirement is that it use all the words from the 1st and 3rd lines from the previous three stanzas and no others.
