## Not Grandma's Music

Grandson's wham-bam hip hop  
blasts foul language non-stop  
triple rhymes, same beats over and over  
monotonous makes Grandma's ears take cover.

Modern music hard on the ears and less P.C.

Grand-daughters pop music more with it--  
not so loud, sexually explicit  
more melodious and less sexist.  
More songs Grandma can't resist.
