

Quintilla

The "God Particle"

a Today I read an article
b They have a "footprint, a shadow."
b Scientists will be taking bow.
a They discovered "God Particle."
b Higgs Boson more of a fact now.

a A subatomic particle
b tells why matter has mass, allow
a with gravity mix official
b to give an object weight somehow.
b Shouting Eureka! Holy Cow!

a They still have unknown sparticle,.
b but they have God Particle- wow!
a CERN's atom smashings will trickle
a get out of a cosmic pickle
b present at particle powwow.

a Many years researchers prickle
a as discoveries prove fickle.
b Now they think they finally know.
a But the riddle can still stickle.
b They're not quite holier than thou.

a The news has made quite a ripple.
a They attract to key particle--
b Higg Boson- God Particle- pow!
b Haven't seen it but they avow-
a step on cosmic toes and tickle.

Quintilla:

1. 5-line stanzas.
2. Syllable Count: 8 per line.
3. Rhyme Scheme: a-b-a-b-a a-b-b-a-b a-b-a-b-b a-b-a-a-b a-a-b-b-a
4. Only two rhymes. Example uses some different combinations.
