

Sept

Midge Flies at Crater Lake

Midge
fly lays
eggs that drop
to bottom
at bottom.
Larvae
then

to
pupae
wiggle up
to surface when
adults to
start to
fly.

Like
people
who struggle
many stages
to mature,
manage
flight.

Sept:

1. Seven line stanza. Heptastich.
2. Syllable Count: 1-2-3-4-3-2-1
3. Unrhymed.
