

# Tuanortsa

## Cosmic Transitions

we started out somehow  
from a burst bubble from a brane  
from a blast from a singularity  
after particles glommed into matter  
somehow sentience bloomed  
as star seed we grew  
the universe expands  
we head for Big Chill  
we begin a Big Crunch  
we end somehow.

## **Tuanorsta:**

Originated by Penn Laurel Poets in 1966

1. Astronaut spelled backwards.
2. 24 lines or less. Reads top to bottom and bottom to top.
3. Rhyme or not. Create own pattern.
4. Syllable count or metrics—or not.
5. Proceed as works best for you.
